# INDEX TO VOLUME 13

## January thru June 1947

## *How to Use This Index*

As you know, items in QUOTE, arranged alphabetically according to subject, are assigned an index number. In our semi-annual index, the first numeral in each reference refers to the issue of QUOTE, the second numeral indicates the location of the item within that issue, according to its index number. Thus: *"Ability—24-1;"* tells you that an item relating to *Ability* will be found in the 24th issue of this volume of QUOTE under index number 1.

Quotations in the section *May We Quote You On That?* are also numbered consecutively, but each number is followed by the letter Q. The reference to *"Adults, Responsibility—4-8Q; 7-18Q . . ."* indicates that quotations relating to this subject appear in the 4th issue, item 8-Q, and in the 7th issue, item 18-Q, in the *May We Quote* section.

One or more letters, following an issue number, refers to material in regular departments. For example: *"Acoustics—2-NN; 17-NN;"* means that references to new ideas in *Acoustics* will be found in the 2nd and 17th issues of QUOTE, under the department heading, *News Of The New.* A complete list of department abbreviations follows:
